Join us as we examine various aspects of the creation-evolution debate. All are welcome! Families are welcome! Skeptics are welcome!

Spring 2010 Meeting Schedule

APRIL 9

"Dinosaurs and the Bible"

Does the Bible talk about dinosaurs? What happened to them? Is there any evidence they lived fairly recently? Come find out in this lecture by Jason Browning.

MAY 14

"Expelled: No Intelligence Allowed"

This 2008 movie by comedian Ben Stein documents how "educators and scientists are being ridiculed, denied tenure, and even fired – for merely believing that there might be evidence of "design" in nature." A must see!

JUNE 11

"Incredible Creatures that Defy Evolution"

This video gives powerful evidence proving that animal designs can only be attributed to a creator and cannot possibly be explained by evolution (part III). Great for kids!
